NOTIFICATION

N-101218 REV A

DATE ISSUED: 10/12/18
DATE EFFECTIVE: 10/12/18
SUPERSEDES NOTICE: None
SUBJECT: Maintenance Manual Update
AIRCRAFT AFFECTED: **MODEL:** A5
S/N: ALL
REQUIRED ACTION: None
TIME OF COMPLIANCE: None
REVISION HISTORY Initial Release

PURPOSE: ICON is committed to designing, manufacturing, delivering, and supporting a high-quality Light Sport Aircraft, providing a level of safety well beyond expectations. The recently released Maintenance Manual ICA000833 Revision C1 has two sections that were unintentionally omitted that were previously included in ICA000833 Revision C0. These two sections are required to complete a Condition and 100-Hour Inspection. Additionally, there was one section on rigging the elevator/pitch system that was also unintentionally omitted but is **not** required to complete Condition and 100-Hour Inspection. These omissions are currently being corrected and new revision of the maintenance manual is forthcoming. The purpose of this notification is to provide operator and maintainer guidance to allow the continued use of the benefits of Maintenance Manual Revision C1 in the interim while these corrections are completed, and a new manual is distributed.

INSTRUCTIONS:

Continue to reference Maintenance Manual Revision **C1**, however, reference Manual ICA000833 Revision **C0** for the following procedures:

- 1) Conducting a Pitch/Elevator cable tension check reference section 9.2.2 on page 9-10 in revision C0 for the procedure.
- 2) Conducting a Pitch/Elevator rigging check reference section 11.2.1 on page 11-4 in revision C0 for the procedure.
- 3) Rigging Pitch/Elevator controls reference section 11.3.4 on Page 11-19 in revision C0 for the procedure.

If you are no longer in possession of this aircraft, please forward this information to the present owner/operator and notify ICON Aircraft, Owners Center at:
