PURPOSE:

Due to a mistake in the installation manual, the Spinner on the E-Props 4-Blade Propeller may have been torqued incorrectly. In order to prevent damage to the propeller or aircraft body, the loose hardware must be properly installed.

WARRANTY:

ICON will cover the contents of this Mandatory Service Bulletin in its entirety, as long as all aspects of the Service Bulletin are adhered to. Failure to adhere to the entirety of the Service Bulletin can and likely will lead to owner-incurred costs. Please note that completion of the repair does not extend the warranty period.
